

MARRYATVILLE HIGH SCHOOL

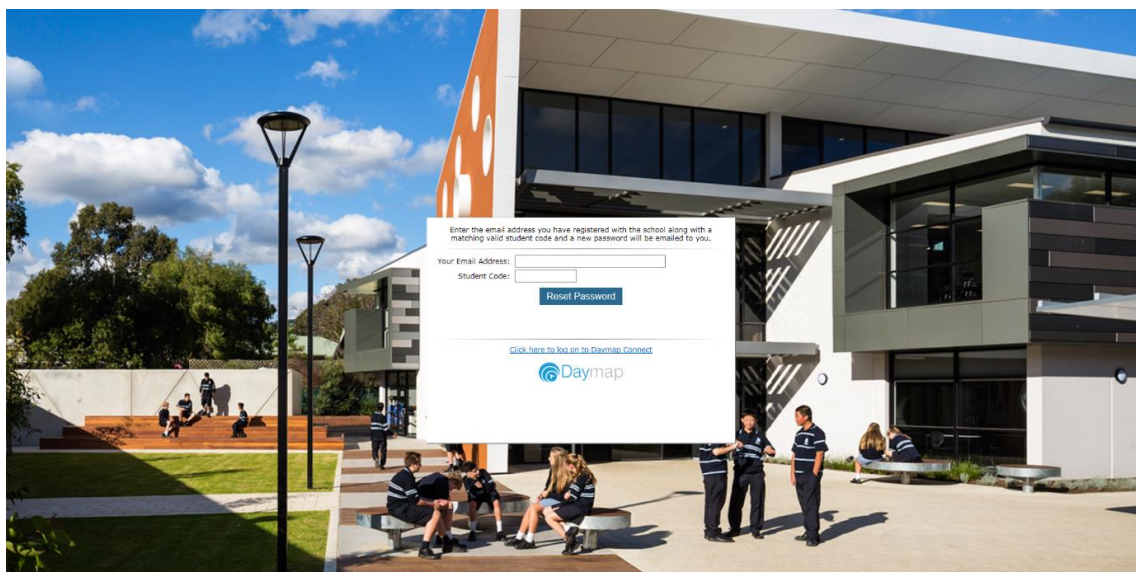

DAYMAP PARENT PORTAL QUICK START GUIDE

Daymap Connect is an extension of the *Daymap Learning Management System* which provides parents with access to key school and student information both at home and on the go. Our easy-to-use system allows parents to create and manage their own accounts for Daymap Connect, requiring only one login and password per parent (with the option to provide multiple logins) to access details for all of their students enrolled in the school.

The screen above is the Daymap Connect log in screen. This can be found by using the URL address <https://daymap.marryatvillehs.sa.edu.au/DayMapConnect/> or accessing the Parent Portal from the Portals Tab on the school website <http://www.marryatvillehs.sa.edu.au/>

If you are a new user then select the "**New User?**" option. On the next screen you will be required to enter your email address (this must be the email registered at the school) and your child's student ID #. Once you have entered the details and clicked on "**Reset Password**", an email will be sent to you containing your Username and a URL. When you click on the URL, you will be taken to a Set Password screen.

If you are a returning user click on **Forgot your password** and the steps are the same as described above for a new user.
